barmony and soutidenes in Missis sippl's financial future.

CONCERNED BY REPORTS

Barnett expressed concern over reports of legislative squabbles dustrial progress during his adover key leaves facing the 1962 session and said he could not undeistand what promoted such talk. Barnett told members of the live study committee's report rec would have enough money to fiwithout new taxes. He said he bised this on a record level of STATE HIGHWAYS business activity.

"We stand at the crossroads." easy way—simply increase taxes and be sure the budget is balanced and if a surplus results. good and well. I cannot follow that road.

The other road is one of con fidence in the economy of the state producing the revenue needed. This road I am perfectly willing to travel.

ASKED TO FOLLOW ROAD

As I travel this road, and ask you to travel it with me, I do so ith the understanding that we will strengthen our financial po-sition by closing all tax loopholes, ming every feasible economy in spending and supplying good, gound economic sense in all areas about 29 years. taxation."

"It causes me serious concern Hight that is to take place in the sonic Lodge in Columbus. legislature this year," Barnett Survivors are two sons, Hugh opportunities by engaging in de burg. structive disunity.

In all kinds of weather

How many times have we walked to church in the snow together...and in the rain...and in all kinds of weather?

I don't think we've ever stayed home on a Sunday because we were afraid we might get our feet wet. To me, this would be like answering a dinner invitation by saying you couldn't make it unless the sun were shining.

The Church, after all is God's House, and in it I've always felt that I was both a member of the household, and an invited guest.

In this House, you and I have found not only a deeper understanding of each other, but the ability to be tolerant of faults, to forgive and forget smaller angers, and - most important of all - to resolve to try again tomorrow. And this is but a small part of all the Church has given us, and of all that it stands ready to give everyone,

Infant Survival As premature births continue

to increase in Mississippi, the no interests in Minimum a Tourne Asin Daris assilis separtments are sending a Tourne Asin Daris cand to assist in seeing that Sendary Tractor Co. these tray infants are given chance for survival. A statewide survey has just

need completed of the electric A and L Sand and incubators furnished to local pealth departments by the State Board of Health to make sure that these life saving units are in good operating condition and at large to the Board of the Han easily available for use in homes, hospitals or clinics throughout Ors Mitchell

"One of the most important phases in the care of a premature infant in maintaining a constant body temperature," said Dr. W. E. Noblin Jr., Director of Ma ternal and Child Health, Missis H. G. Dean sippi State Board of Health. Dr. Noblin said that many ma-

ternity patients are delivered in Harry Blackwell private clinics by physicians that Arch Hover have reciprocal arrangements loe Powell Sr. with the local health departments State Culv. & Sup. Co. for use of incubators in the care Sanders Tractor Co. of premature birth.

"Babies needing incubator care are also frequently found, on Cue Oil Co. home visits by public health Harry Hall nurses," said Dr. Noblin. In such cases, he explained

this service is provided with the nurse working under the private physician's direction. Early detection of premature

infants, accompanied by adequate treatment, is paramount in their health and survival, according Gelpi & Eccles Gravel to Dr. Noblin.

During 1960 in Mississippi prematurity was mentioned either Bob McQueen. in combination with another cause or as the only cause on 43 per cent of the death certificates for white infants and 35 per cent of those for non-whites.

Any infant under 5½ pounds at birth is called "premature" on vital statistics records. Of the total number of births Gus Frierson

in Mississippi in 1960, 9.2 per A. W. Alsobrooks cent were premature. A steady increase has been noted in the last ten-year period. Recent construction of many

well-equipped health centers in Mississippi has aided considerably in affording facilities for improved prenatal care which can contribute a great deal toward the prevention of premature births," stated Dr. A. L. Gray, State Health Officer.

Pediatric consultant are available from the State Board of Health to health departments to improve the care premature infants.
